SPOT REJUVENATING OIL

for Oil Finish Wood Floors

Ready To Use

Provenza's Spot Rejuvenating Oil helps conceal minor surface scratches. Reconditions and protects all **Provenza Oil Finish** hardwood floors.

Directions for Use:

- Sweep, dust mop or vacuum area to be cleaned to remove grit & loose debris.
- Clean with **Provenza Natural Cleaner**.
- Shake well before using. Ready to use. Do not dilute.
- Area being treated should be clean and dry.
- Pour directly onto a small area, applying a thin layer of **rejuvenating oil** with a microfiber cloth or mop in the direction of the wood grain, then wipe immediately. Can also be poured directly onto the microfiber cloth or mop and applied as described above. If needed, apply a second coat.
- To maintain a seamless visual transition between the area being treated with untreated oil finish areas, lightly blend the **rejuvenating oil** where they meet.
- The oil sets up quickly so prolonged application is not necessary. Use of a polisher or rotary machine is not necessary and not recommended.
- Avoid getting onto baseboards, walls or other non-flooring surfaces.
- Let dry for a minimum of 20 minutes before walking on the floor. Dry time may vary depending on amount of oil applied and interior temperature. Do not drag heavy furniture across the treated area.
- Allow 7-10 days to cure before using any cleaner on the treated area.

KEEP OUT OF REACH
OF CHILDREN.

WEAR PROTECTIVE GLOVES
AND EYE PROTECTION.

WASH HANDS AFTER
HANDLING.

WARNING:

May cause serious eye irritation. Wash hands thoroughly after handling. Wear protective gloves and eye protection with use.

If product gets in eyes, rinse carefully with warm water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

If eye irritation persists, seek medical advice/attention.
